

Uniform Design Instructions:

Remember, the price is the same no matter how many colors you choose in your printing, so have some fun with it.

- Select Crewneck or V-neck style on the website: <https://www.high5sportsandlogos.com/mckinneybaseball>
- Choose the design template desired. You will change the colors on the next step.
- Starting in Location 1, Change colors by clicking on the grey FILL bar. **Please note, colors on your screen may differ from the actual color.** We have actual print swatches and sample jerseys in store. If you have time, we recommend stopping by our store to look at the colors. This can be done after you build your design. We can easily adjust colors at that time. You can also request any custom CMYK color.
- To create an ombre look, click the Gradient bar or to add a fill like Camo or Carbon Fiber, click the Pattern bar.
- Repeat the process with the other color locations. Location 2 and 3 are great places to add a pattern.
- At the top of the box, Click on **Names/Numbers**
- Under Team Name, click ADD TEXT. Type in your team name. We will adjust/center the placement if necessary. The text height and width will be adjusted and scaled to fit on the jersey according to our standard measurements and guidelines.
- Click on the grey "FONT & COLOR" bar to change the font and color.
- Click Outline to add an outline color.
- Click Outline 2 to add a second outline color.
- Add a Front Number if desired.
- Add a Player Name on back if desired.
- Click Back Number and ADD TEXT- **Change the size to our standard 6" size.** The number may look small on the mock up, but it is the proper size on a youth jersey. We will adjust/center the number placement.
- Add sleeve numbers, text or logos if desired.
- Logo and Flags can be added anywhere on the jersey. You must select a stock logo. We will size the logo/flag according to our standards. You can not upload a custom logo at this time.
- Click the black Checkout/Roster button. You will be prompted to Register, which is very quick and easy.
- Under ROSTER, use the dropdown menu and change to By Player
- Enter the team name.
