Uniform Design Instructions:

Remember, the price is the same no matter how many colors you choose in your printing, so have some fun with it.

- Choose the design template desired. You will change the colors on the next step.
- Starting in Location 1, Change colors by clicking on the grey FILL bar. You can also use the LIGHTER or DARKER color pallet. **Please note, colors on your screen may differ from the actual color.** We have actual print swatches and sample jerseys in store if you want to see the exact color. If you have time, we recommend you stop by our store to look at the colors after you build your design. We can always make changes to the design.
- To create an Ombre look, Click the Gradient bar or add a Pattern like Camo or Carbon Fiber, Click the Pattern bar.
- **Repeat** the process with the other color locations (the accent colors). Location 2 and 3 are great places to add a pattern.
- At the top of the box, Click on Names/Numbers
- Click Team Name and ADD TEXT. If you want or have a logo instead, skip this step. You can add it at a different step.
- Type in your team name. Adjust size to the standard 2" tall
- Click FONT & COLOR and choose a font using the drop down box. If you do not like any of the standard fonts for your team name, you can contact us about more font options.
- Change the text color using the boxes.
- Add Outline 1 (optional, but recommended), click the "+" on the Outline 1 bar. Click ON. Choose color.
- Add Outline 2 if desired.
- Add a front number if desired, but we do not recommend it for 6U and younger teams due to the limited space on a small jersey.
- Add Player name on back if desired, but it is discouraged for teams younger than 6U for safety reasons. We will make name printing available on the coach and fan jerseys.
- Click Back number and Add Text- **Change the size to our standard 6" size.** Click on FONT & COLOR to change the font and colors.
- Add sleeve numbers if desired.
- Logo and Flags can be added anywhere on the jersey. You can select a stock logo or you can upload your own image. If you upload a logo, please try to find vector artwork (eps, svg or ai) and not jpg, bmp or png files. **You will also need to reply back to this email with the logo file attached.** If you do not have, or are unsure about having, the artwork in vector format, we can find a stock image that is similar and use it at no charge to you. If you want an exact image, we can recreate it for a $25-$50 art fee depending on the complexity of the design. Custom logos do add turnaround to the process. For the fastest service, it is best to use the stock images.
- Click the Blue Share button under the image.
- Please use the following format when you send us the design:
  Design Name: Your Team Name AND Coach's LAST name Ex: Dragons Thomas
  Your name: First and Last Name AND your Sport. Ex: John Thomas Basketball
  Your Phone Number: xxx-xxx-xxxx
  Your Email: xxxx@xxx.com
  Dealer's Email(s): TEAMSALES@H5SPORTS.COM - This is very important.
  Notes: Any additional information or design idea/help requests.
- It is a good idea to save your design file: click on the Checkout/Roster tab, scroll down and click on Download. It may take a few minutes (up to 3 minutes) for the pdf to download, but it will download.

We will review your design and email or call you with any questions or suggestions. After we finalize the design, we will either create an online store with an ordering link that you will send out to the team (where they will order and pay for their jersey) OR you can choose to pay the entire cost and order at once. You will receive an email explaining all the next steps once you send in the jersey design.
